Officer Status Plugin strives to create an immersive experience for the user.

Thank you for downloading!!

Features:

10-5 - Shows you on a Meal Break - Unavailable for calls

10-6 - Shows you Busy - Unavailable for calls

10-7 - Shows you Out of Service - Unavailable for calls

10-8 - Shows you Available - Available for calls

10-11 - Shows you on a Traffic Stop - Unavailable for calls - Dispatch will ask if you require assistance, You can respond with Negative or Affirmative

10-15 - Shows you returning to station with a suspect - Unavailable for calls

10-19 - Shows you returning to station - Unavailable for calls

10-23 - Shows you On Scene - Just for immersion (Possible integration with my callout plugin once created)

10-41 - Shows you Starting duty - Available for calls

10-42 - Shows you Ending Duty - Unavailable for calls, Finishing

10-51 - Requests a Tow Truck

10-97 - Accepts callout - Only for VocalDispatch due to usage of generic code for enroute

Recommended Plugins:

Ultimate Backup(Not Included) - Used for traffic stop backup
Vocal Dispatch(Not Included) - Used for verbally communicating with dispatch
StopThePed(Not Included) - Used for Tow Truck

Required Plugins:

LSPDFR v0.4.1(Not Included)
Rage Plugin Hook(Not Included)
RageNativeUI(Included)

Install:

Copy the contents of the GTAV Folder into your main GTAV directory.
For the best immersion ensure that you have the recommended mods installed.

General:

Any bug reports please message me on the LSPDFR website or comment on the plugin page.

This Plugin is brand new, although it has been tested some bugs maybe found, these can be reported as mentioned above.

The are currently four statuses and two responses to dispatch questions, more will be implemented with future updates.
